VISION

The mission of 20/20 Leadership is to educate and expose students to community issues, teach leadership skills and build community-wide relationships, all of which encourages success in life. Ultimately 20/20 Leadership creates a stronger workforce and a more involved community.

in their own words

STUDENTS EXPRESS WHAT 20/20 LEADERSHIP MEANS TO THEM

Welcome to the 2008-2009 20/20 Leadership Honoring Ceremony. I hope you feel the excitement and energy in the air as we honor those who have completed the Junior and Senior Leader Programs. As a part of our program this year, students have business cards and resumes and have had the opportunity to meet community, corporate and educational leaders across the metro area. They've also seen the flip side of personal choice and have met face to face with detention center detainees and addicts in detox. We know they have learned something by getting out of the classroom and experiencing the world in all of its contradictions.

But don't take it from me. Let the students speak for themselves:

"The 20/20 Leadership program has opened my eyes and has made me realize that it doesn't matter where you come from or who you are there are opportunities waiting for us. All we have to do is commit to ourselves and look for them, work hard for them and not wait for them to come to you."

"20/20 Leadership has impacted my life in a way that I have realized many things that are affecting our community as well as the schools. It has shown me to stand up for what I believe in and to be a role model to younger students as well a leader in my community."

WE ALWAYS CAN USE YOUR SUPPORT!

Please contact us at (913) 721-3933 if you'd like to join us at a Program Day, become a member of our Board of Directors or sponsor a student so they can be prepared to take our jobs one day.

— Sally Dannov, Chair, Board of Directors
