

Who We Are

20/20 Leadership Molds Future Leaders...

- The 15-month program provides 120 hours of experiential education for diverse groups of high school juniors and seniors throughout the Kansas City Metro Area.
- Program is available through more than 24 area high schools.
- Non-traditional learning experiences include: government, law, finance, economics, health, entrepreneurship, social services, the arts, career exploration, media, team-building, public speaking and personal development and community service projects.
- Program alumni provide student scholarships and assist in program decision making.

What We Do

We connect future leaders with today's leaders...

- Students are introduced to issues they read about in books and news media.
- Interactive group discussions encourage pro-active decision making.
- Students meet monthly during school hours for full-day sessions.
- Students learn the value of relationship building and networking.
- Students explore career options and internship opportunities after completing the program.
- Programs include: Junior Leaders, Senior Leaders, Leaders Internships and Alumni Leaders.

Who We Serve

We Bridge the Needs of the Community...

- **Students:** Teaching tools are offered in real-life settings that increase students' awareness and chances for success regardless of their achievement level ???
- **Education:** Students improve their aptitude and develop a larger world view.
- **Employers:** Business growth is supported through well rounded and prepared employees.
- **Civic Leaders:** The community gains citizens who are pro-active and community minded.

Would you recommend 20/20 Leadership to others?

"The learning experience it provides for students is exceptional. I only wish such a program had been around when I was in high school."
— Lewis Diuguid, Vice President of Community Resources, Kansas City Star

"This program teaches teenagers that it doesn't matter where one lives, the color of their skin, how one is dressed, or the amount of money one has, it's who we are and what's inside of us that makes us special and we have to work hard to be who we want to be!"
— Josh Criswell, 20/20 Leadership Alum, Kansas State University

According to a preliminary research study, 20/20 Leadership Program participants have a greater sense of community and demonstrate more effective decision-making and communication strategies than a comparison group of students of the same age group. Program participants also demonstrated a lower incidence of drug and alcohol use.

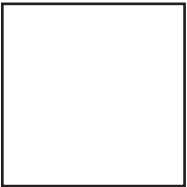

The 3rd panel would be the 'ask' page, where we ask to sponsor a student for 1 year for \$750, and go down from there, say one semester for \$350, transportation for the year for \$150, meals for a year, \$75, and 'other' donation.

Thank you. Please make checks payable and return to:
